Work Area Solutions
Voice/Data Faceplate, Surface Mount Box

The Forteq series of Faceplates are designed to fit standard UK style single gang outlet box in both residential and commercial installations supporting voice and data networks.

The Forteq Keystone Jack Surface Mount Boxes are perfect for surface mount applications, and are available in 4 and 6 module versions. The snap-on cover allows access for quick installation. Black inserts are also available to cover up unused ports when required.

The Faceplate and Surface Mount Box are compatible with all Forteq Cat5e and Cat6 Keystone Module.
